# Dottex

## A Brief About The Company

We as **DottexSafety**, your number one source for all safety equipment and services. We're dedicated to giving you the very best of safety assurance products, with a focus on quality, cost and delivery time.

Founded in 2008, **DottexSafety** has come a long way from its beginnings in Erbil, Kurdistan Region, Iraq. When the founder first started out, his passion for "**IT IS ALL ABOUT YOUR SAFETY**" drove them to do tons of researches so that **DottexSafety** can offer you the world's most advanced and trusted safety equipment and services. We now serve customers all over Iraq, and are thrilled that we're able to turn our passion into our own profile.

We hope you very safe work environment with our products as much as we enjoy offering them to you.

Sincerely,  
DottexSafety Team

# HUGHES SAFETY SHOWERS

Europe's leading manufacturer of emergency safety showers, eye/face wash and decontamination equipment

# HUGHES

[HUGHES-SAFETY.COM](http://HUGHES-SAFETY.COM)

# 1968

## OVER 50 YEARS OF MANUFACTURING EXCELLENCE

JD Hughes Fabrications, founded in 1950, were erecting pipework in the petrochemical industry when an unfortunate accident became the impetus for developing safety showers and eye/face washes – long before current HSE/COSHH requirements. The products were soon in demand, so in 1968 the company began to specifically manufacture emergency shower and eye/face wash equipment. Now an international market leader and part of the Justrite Safety Group, Hughes has sites and customers across the world.

## WORLDWIDE DISTRIBUTION

Manufacturing and offices in the UK, USA, Canada, Germany and the Middle East supported by a network of distributors.

## ISO CERTIFIED

- ISO 9001:2015 Quality Management System Certification
- ISO 14001:2015 Environmental Management Systems Standard
- ISO 45001:2018 Health and Safety Management Systems Standard
